

VIP Flight Attendant Training

This training course is aimed at candidates aspiring to work in corporate aviation and for those wishing to enhance their professional experience. The course focuses on the important aspects of the Corporate Flight Attendant, skills, tools and resources. It delivers complete practical training and guidance on working in the private aviation industry and covers the requirements of the role, profession and VIP inflight service. The training program is delivered by experienced VIP Flight Attendant Trainers, the professional training and career advice will fully prepare students for a role in corporate aviation.

All students will have the opportunity to visit a corporate aircraft, and will also receive a comprehensive manual, resources, handouts and certificate on completion of the training program. Our open training courses run on a monthly basis and are conducted at Landmark Aviation Luton a prestigious private aviation facility.
